DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3-10, and 13-19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

None of the prior art of record, alone or in combination, discloses a teat for a baby or child having a vestibular screen, a plate on which the dental arches rest with limbs extending along the dental arches, and a nipple in register with the back portion of the tongue extending rearwards beyond the ends of the limbs of the plate, as set forth by the applicant. Younker, specifically, does not disclose a nipple connected to a plate by elastic means. Component 10a/10b in Younker is a plate, not a nipple. In Figures 2 and 4 this plate can be seen as generally flat and does not have the elongated, well-known shape of a nipple.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
